

Meeting Minutes 17th January 2023

Introduction

Steve Cavanaugh opens the meeting with a greeting and preview of the agenda topics. The meeting minutes are available on the Meetings Recap page at www.LEIgroup.org/recaps

IWA LEI White Paper

Steve Cavanaugh leads a group review of the first draft of the LEI White Paper and our official position

Discussion:

The document has had a chance to make a few rounds with the LEI team.

We are aiming this document to make sense to industry participants and to help educate the general populace on why this is important.

Dewi- It is not impossible to get to zero. It is more of an economic issue. Not possible is too aggressive of a statement.

Gregg- Utilities have a better understanding of energy vs power.

The group is changing power intensity back to energy intensity.

Should we opine on the cleanliness mix of power for a utility?

Some utilities have the ability to change their power mix via wind generation or fuel gensets.

Where are we incentivizing utilities to make changes? How can a utility monetize this?

We are helping utilities reach their net zero targets as well.

This is the beginning of the methodology. The details will evolve as we progress and develop this further.

If we are using clean power, then someone else is not.

Summary and Next Meeting Speaker/Topics

- Finalize edits and comments by the end of January to complete the white paper.
- Complete discussion during the next meeting.

Next meeting – February 14th, 2023 – 10am EST

Attendance:

Andrew McCarthy

Arnaud Brunelle
Bambos Charalambos
Berry Drijzen
Dewi Rogers
Drew Blackwell
Gregg Semler
Kevin Reedy
Mary Ann Dickinson
Mehdi Ahmadi
Mikal Wilmott
Mike Wrigglesworth
Mordecai Feldman
Steve Cavanaugh
Steve Tooms
Stuart Hamilton
Stuart Trow
Uri Guttermann
Will Jernigan
